[root@10 Desktop]# gedit cmdcolor.txt
```

It makes directories

Bold blue (di=01;34),

Symbolic links bold cyan (ln=01;36),

Executables bold green (ex=01;32),

Compressed files red (*.tar=01;31, *.tgz=01;31),

and

Image files magenta (*.jpg=01;35, *.png=01;35).
